

**Amendments to the Specification:**

Table 2 at page 30 has been amended to refer to the last lens as "L18" (not L17), as required by the Examiner. Submitted herewith are a replacement page 30 of the specification on which (only) the Table 2 is set forth and a marked-up copy of page 30 showing that no new matter has been added.

Please amend the paragraph at page 35, lines 28-33 as follows:

While FIG. 8 shows movable display mechanism 48, which will be described referring to FIGS. 12 and 13, of image display device 15, the z-axis is set in the vertical direction, the ~~x-axis~~ y-axis is set in the back and forth direction of the user, the ~~y-axis~~ x-axis is set in the right and left direction of the user, each of the axes is denoted by a dashed line. The intersection point of the dashed lines represents gravity center position GRA of image display device 15.
